

Microsoft® Windows® Embedded
Standard 7 Licensing
for Mecmesin-*xt* Systems

Mecmesin Systems - Microsoft® Windows® Embedded Standard 7 Licensing

Each Mecmesin system supplied with a console controller has Microsoft® Windows® Embedded Standard 7 Operating System pre-installed and licensed at Mecmesin's factory. Each is supplied with the following as proof of licensing:

- End User License Agreement (EULA)
- Certificate of Authentication (COA)

End User License Agreement (EULA)

A multi-language EULA is enclosed with each system.

Certificate of Authentication (COA)

The COA is supplied as a sticker located on the rear of each console supplied with a system, as proof of licensing.

This COA sticker lists the following:

- Microsoft® product title
- COA serial number
- Microsoft® SKU (stock keeping unit) number
